## 2012 Digital Opportunity Survey for Individuals and Households

### *2012 Digital Opportunity Survey for Individuals and Households*

<b>Overview</b>	
<b>Type</b>	個人家戶數位落差調查/個人家戶數位機會調查
<b>Identification</b>	AE010010en
<b>Version</b>	Production Date: 2016-09-12
<b>Series</b>	
<b>Abstract</b>	
<p>This survey aims to conduct random sampling survey by phone of Taiwanese population over the age of 12 of the household in 22 counties or cities in Taiwan, with 13,257 valid sampling completed in total.</p> <p>In order to infer the opinions of all the population over the age of 12, the survey is weighted based on the ratio of sex and age over the age of 12 in all the cities announced by Ministry of the Interior in July 2012. On the second phase, it is weighted and returns to the original condition based on the ratio of the population over the age of 12 in each city among the population over the age of 12 in all the cities.</p> <p>The survey include three main aspects: empowerment, integration, and elimination. The first part focuses on discussing the current information conditions in Taiwan area about the usages of related-devices, the abilities of basic languages, and the skills or manners of information. Second part is to realize how to apply information in self-learning, social-life participation, economy, citizen participation and health-pushing by the group of people who surf the internet frequently. Final part take to the point by individual crisis and someone's right is taken away in order to observe negative effect from informative society.</p>

<b>Sampling</b>
<b>Sampling Procedure</b>

The survey is weighted based on the ratio of sex and age over the age of 12 in all the cities announced by Ministry of the Interior in July 2012. On the second phase, it is weighted and returns to the original condition based on the ratio of the population over the age of 12 in each city among the population over the age of 12 in all the cities.

### Data Collection

<b>Data Collection Dates</b>	start 2012-07-13 end 2012-08-12
<b>Data Collection Mode</b>	Computer Assisted Telephone Interview (CATI)

### Data Processing & Appraisal

#### Data Editing

The Center for Survey Research (CSR), Research Center for Humanities and Social Sciences Academia Sinica(RCHSS), has checked wild codes and out-of-range values, consistency, and open-ended responses to validate and clean data.
