

# 2004 Digital Opportunity Survey for Individuals and Households

## User Guide

- I. The Center for Survey Research (CSR), Research Center for Humanities and Social Sciences Academia Sinica reorganizes and releases the data offered by Research, Development and Evaluation Commission, Executive Yuan. The released files include user guide, Comma delimited file, SPSS dataset, STATA dataset and code book.

## II. Released File Description

### 1. User guide

userguide2004.doc	including released file description, guideline for data validation and usage, guideline for citation and contact us etc.
-------------------	--

### 2. Datasets

data2004.csv	Comma delimited file
data2004.sav	SPSS dataset
data2004.dta	STATA dataset

### 3. Code book

code2004.pdf	Code book
--------------	-----------

## III. Guideline for data validation and usage

1. The column widths of variable label and value description in the STATA are limited to 80 and 40 bytes, respectively, so the STATA dataset shows only the first 80 bytes as variable label, and the first 40 bytes as value description.
2. Datasets and the reports have different variables: town and native. After confirming them, please prioritize the datasets.
3. In Individual/Household Digital Difference Survey statistics weighting in 2004, in the personal items, “w1 (national population)” needs to serve as weighting numbers; in the household items, “w3 (national household)” needs to serve as weighting numbers; when estimating the recent digital use among the aboriginals, use “abo\_w (aboriginal correction weighting)” as the weighting variable.
4. CSR has checked wild codes and out-of-range values, to validate and clean data. There is no doubt about data accuracy after the validation.

#### **IV. Guideline for citation**

Citation, based upon the requirement of various journals, theses or dissertations, can be revised.

Research, Development and Evaluation Commission, Executive Yuan (2016). 2004 Digital Opportunity Survey for Individuals and Households (AE010001) [data file].
