**III. Guideline for data validation and usage**

1. The Center for Survey Research (CSR), Research Center for Humanities and Social Sciences Academia Sinica, has checked wild codes and out-of-range values, to validate and clean data. There is no doubt about data accuracy after the validation.
  
2. Note for data usage
  - (1) Please be attentive if “system missing” may not be listed in the variable value because of the design of skip question (N/A), missing /no response and so on.
  - (2) The column widths of variable label and value description in the SPSS are limited. In case of cut-off contexts, please see questionnaire.
